

SPIDER ROOM

Spider Room opened its doors in September as a private, members-only space in Avalon. With premium liquors, champagnes and an extensive cocktail programme designed by Ethan Leong, Spider Room brings back the element of exclusivity – a quality sorely lacking in most nightclubs in Singapore.

Spider Room sits beside the main club with sleek and minimalistic interior that is further enhanced by floor-to-ceiling glass windows to offer guests a spectacular view of the Singapore skyline. Recruited by invitation

only, member nominees are carefully curated and picked to receive the navy blue leather membership card that members can flash for entry.

What to expect: A small space with limited seats and tables and not too many people in it; the rest can't get in.

Who to expect: The rich.

CHRISTMAS HOW-TO'S

DARK VESPER 007

Like the Bond girl that inspired it, this cocktail is sexy but carries with her an air of mystery. One thing is certain, she's dangerous.

SPIDER ROOM

AFFOGATO MARTINI

If you need a shot of something to jolt your senses awake, this drink is just the thing you need. Concocted with Patron coffee XO, Italian hazelnut liqueur and vanilla gelato, you'll be left wanting more.
